

Sweet Angel Isiah entered this world on January 29, 2010. We were overjoyed to open our hearts and home to Isiah on March 2, 2010 as a foster placement with our family. Isiah held a special place in our hearts, as all of our prior foster babies did. Isiah was sick when he was born, but he was a fighter. Isiah was growing and getting stronger everyday. Isiah's little body grew tired of fighting and he exited this world peacefully, during a nap, on April 12, 2010.
